Subject: Natural Statement

To whom it may concern,

FDA defines natural ingredients as *“ingredients extracted directly from plants or animal products as opposed to being produced synthetically.”*

Detrex Hydrochloric Acid products are manufactured from synthesized or manufactured pure chemical elements. Detrex Hydrochloric Acid products do not meet the requirements to be considered natural ingredients.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jim Vence", with a large, sweeping flourish extending upwards and to the right.

Jim Vence
Technical Director
Detrex Chemicals
