Subject: Non-Halogenated Flame Retardants Free Statement

To whom it may concern,

Non-halogenated flame retardant compounds are not used by Detrex in the production and packaging of Hydrochloric Acid.

While we do not routinely test for these compounds, to the best of our knowledge we have no reason to suspect they may exist in our Hydrochloric Acid Products.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jim Vence", is written over the word "Sincerely,".
